

2017-18 Members' handicaps for the Pearson Pot (matchpointed pairs), Grindon Trophy and Calder Trophy (cross IMP pairs), and Tom Woodman (IMP teams)

Using functionality within ScoreBridge, we have generated the 2017-18 handicaps. This will also allow the handicaps to be applied at the club before everyone goes home.

For members who did not play five times in the Pearson Pot, or five times in the Grindon/Calder/Tom Woodman, a handicap has been assigned. New members, and existing members who have not played in these events in the recent past, will also be assigned handicaps as necessary.

The methodology means that the performance on Thursday evenings over the last three seasons forms the handicaps which is why members who have performed well in these competitions will see the biggest changes in their handicap.

The table also shows the members' ranks. This may be helpful for those wishing to enter District or National bronze events.

If anyone has any questions about their handicap or wishes us to reexamine it, then please contact Paul Gipson or Louis Moore.

Example

The handicap shows the score you are expected to obtain, so the handicapped result will be adjusted based on this. In a matchpointed pairs, if your partnership's average handicap is 53.5%, then 3.5% will be subtracted to get your handicapped score: if the handicap is 48.9%, then 1.1% will be added to get your handicapped score. A 50% handicap is scratch/average.

In the Tom Woodman teams, the average handicap of your team is subtracted from your score. A zero handicap is scratch/average.

Updates:

1 September 2017: Two new players added

5 September 2017: One new player added

2017-18 Handicaps for Thursday evenings

| Local Number | SBU number | Name | MP Handicap | XIMP/TomW Handicap | Rank | Grade |
|--------------|------------|-----------------------|-------------|--------------------|--------------------|----------|
